

# PROTOX SC40

## FACTS

Protox SC40 is a high-foam alkaline agent for removing soot, oil, grease, and other ingrained dirt.

It is specifically developed for fire damage cleaning, suitable for foam application at temperatures up to 50°C. It can be used on all alkali- and water-resistant surfaces.

Protox SC40 is a professional high-foam heavy-duty cleaning agent based on sustainable, VOC-free ingredients.

## PRODUCT DATA

**Dilution:** Protox SC40 is diluted with water depending on the situation.

**Consumption:** Depends on the task.

**Application:** Apply using foam equipment, spray, brush, sponge, or cloth. Let it work for 15 minutes, then thoroughly process the surfaces and rinse with warm water (above 55°C) to remove dirt and foam.

**Application temperature:** 0-50°C.

**pH:** Approximately 13.

**Odor:** Slight alcoholic smell.

**Cleaning:** Wash cleaning tools and foam equipment thoroughly with water.

**Storage:** Store Protox SC40 frost-free and protected from direct sunlight.

**Shelf life:** 2 years from the production date when stored properly.

**Safety:** Always read the safety data sheet before use - available at [www.protox.pro](http://www.protox.pro).

## Usage Areas

Protox SC40 can be used on all alkali- and water-resistant surfaces. It is particularly suitable for foam application on hard surfaces like metals, plastics, and ceramics.

## Contents

Protox SC40 is an alkaline, VOC-free heavy-duty cleaning agent. It contains no solvents, citrus-based solvents (d-limonene), or NMP. The product is highly foaming, and all ingredients are biodegradable.

## Application

Protox SC40 is suitable for fire damage cleaning. It effectively removes soot, oil, grease, and other types of ingrained dirt. Apply with foam equipment, brush, sponge, or cloth. Let it work for 15 minutes, then thoroughly process and rinse with warm water (above 55°C) to reduce foam. Heavily soiled areas may require additional treatment with a brush or scouring pad.

## Dosage depends on the task:

Fire damage cleaning: 5-10%

Basic cleaning: 2-5%

Universal cleaning: 1-2%

## Workplace Safety

Contact with cleaning agents can dry out the skin, irritate, or cause permanent eye damage. Always use necessary protective gear, including gloves and face/eye protection. Refer to the safety data sheet for detailed information.

The product contains no volatile substances, perfumes, or fragrances. Based on the ingredients, it is considered indoor climate neutral. Protox SC40 is an alkaline product that can cause skin irritation and serious eye damage.

## Environmental Impact

Protox SC40 contains only biodegradable ingredients, posing no environmental risks when used as intended.
