

TROTEC TTK355 S Dehumidifier

The Dehumidifier with the Landcruiser "RELIABILITY"

The TTK 355 S, can reduce high levels of relative humidity in minimum time or easily keep large rooms dry. This is possible, due to the clever combination of a strong 1.27 kW rotary compressor and a quality fan for airflow with rates of up to 1,000 m³/h.

Features

- High dehumidification performance even at low temperatures at 5 °C.
- Auto shut off, to protect from overheating, if temperatures falls below or exceed limits, the compressor will automatically switch off (Max 36°C).
- Delayed compressor start to protect the compressor and increase the lifespan.
- Status LED Light to indicate the operation status.
- Airflow Volume 490 m³/h
- Self-cleaning coils, washable pre-filters.
- Practical stacking groove for stable, space-saving storage and transportation.
- Super quiet, strong robust housing and components.
- Easy to remove pump out.
- Non-marking solid rubber tyres, carry handles and trolley design for easy manoeuvring and transportation.
- Self-cleaning coils, washable pre-filters.
- Auto Pump works with float (not timer) includes 10m clear hose.
- Operating hours and Kilowatt counter.
- 34 litres at 26.7 degrees and 60% relative humidity (AHAM).

***Below results based on 24hr testing.**

Temperature		Relative Humidity	
		60%	80%
	5°C	8.4 litres	14.4 litres
	10°C	12 litres	20.4 litres
	15°C	18 litres	31.2 litres
	20°C	27.6 litres	40.8 litres
	25°C	31.2 litres	48 litres
	26.7°C	34 litres	
	30°C	37.2 litres	55 litres
	35°C	40.8 litres	70 litres
